

3rd Annual US Missile Defense Conference

Technology Security Policy and Missile Defens

Lisa Bronson

Deputy Under Secretary of Defense
Technology Security Policy & Counter-Proliferation
&
Director, Defense Technology Security Administration

13 April 2005

Outline

- **DTSA's Support to Missile Defense**
- **Missile Defense Licensing**
- **Industry's Role**

Objective

- **To be proactive and structured to support the missile defense goals of the President and Secretary of Defense by providing timely, consistent, and thorough review of missile defense licensing cases**

DTSA Initiatives Support Missile Defense

- **DTSA Missile Defense Triad**
- **Partnership with MDA**
- **USXPORTS - Electronic Licensing**
- **New Acquisition Approach: Technology Release Roadmap**
- **DTSA Outreach to Industry**
- **Lessons Learned from JSF**

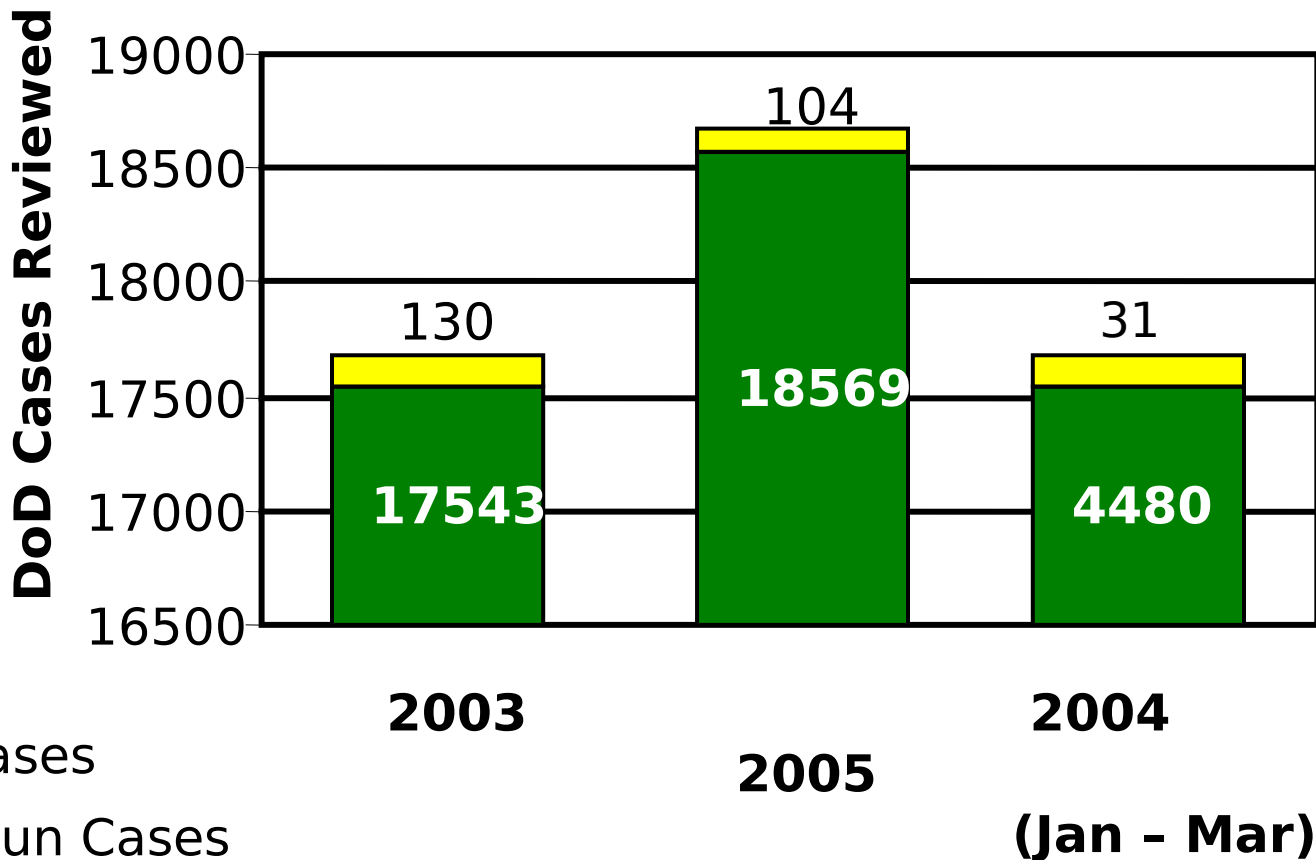

Factors Affecting Missile Defense

Export Licensing

- **Low-Observable / Counter-Low-Observable (LO/CLO) EXCOM**
- **Interagency Missile Technology Export Control (MTEC) Review**
- **National Disclosure Policy Committee (NDPC)**
- **Review of License Applications**
 - **Arms Export Control Act (AECA)**
 - **International Traffic In Arms Regulations (ITAR)**
- **Foreign Country Obligations**

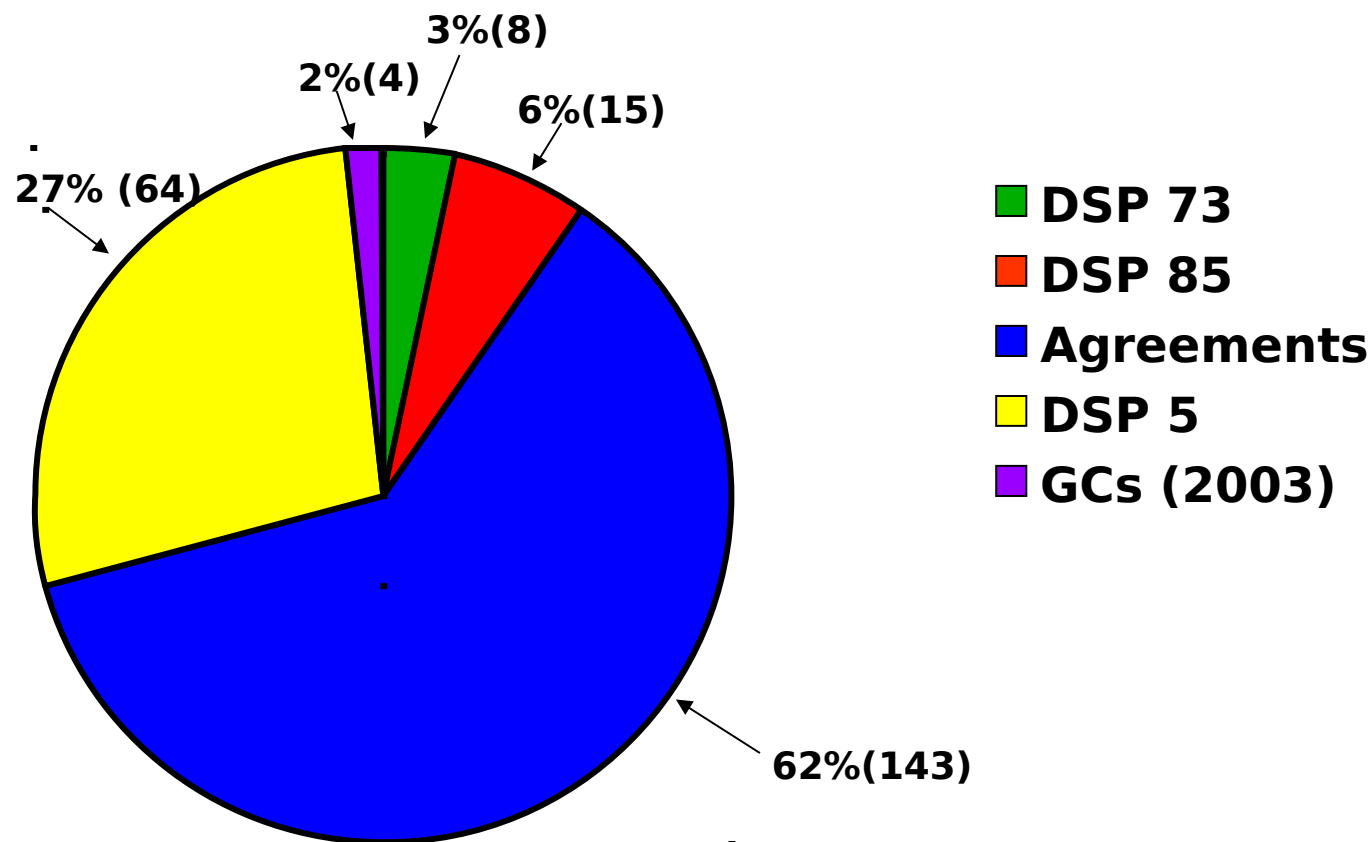

Total DoD Munitions Cases Reviewed 2003/2004

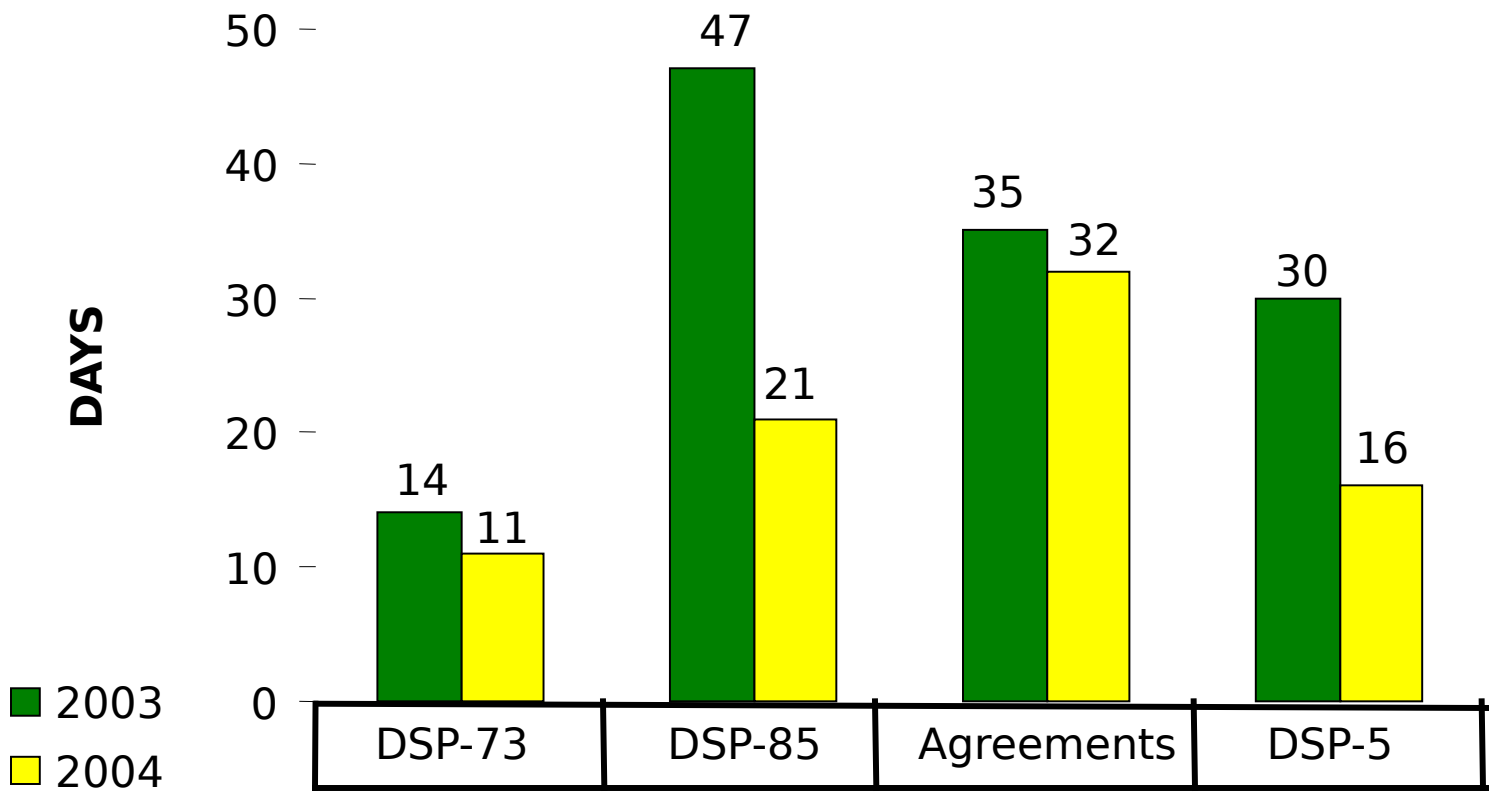

Missile Defense Case Profile 2003/2004

DoD Missile Defense Cases Average DTSA Processing Times

***Triad Approach Reduces Processing Times
without Sacrificing Thorough Review***

Industry's Role

- **Plan Early - Technology Release Roadmap**
- **Design-to-Share (International)**
- **Coordinate Closely with DTSA Engineers**
- **Prepare License Applications with Care**
- **USXPORTS and D-TRADE: Electronic**
DTSA 
Licenses

Foreign Participation

- **Foreign Participation Encouraged**
- **Sharing Sensitive Technology**
- **Technology Security Protects All Participants**
- **Foreign Participants Must Accept Rigorous Third Party Transfer Rules**

In Conclusion:

- **DTSA objective is to allocate our resources and order our priorities to ensure the MD Program schedule is not affected by the DoD license review process**
- **Program Managers and Industry must take responsibility for other review processes (LO/CLO, ENDP) and the quality and timeliness of license applications**

An Effective, Mutually Beneficial Partnership Has Begun
